Manual / Manuel

BATTERY INSTALLATION / INSTALLATION DES PILES

Caution/ Attention

- * Carefully install batteries, insuring proper polarity.
- * For best performance, do not mix new and old batteries.
- * Please be sure to securely attach the light to your bicycle.
- * Do not shine this light directly into eyes.
- * The battery life will vary depending on the conditions of use.
- * *Respectez la polarité des piles.*
- * *Evitez de mélanger nouvelles et anciennes piles.*
- * *S'assurer de bien attacher la lumière au vélo.*
- * *Ne regardez pas cette lampe directement dans les yeux.*
- * *La durée de vie de la pile varie en fonction des conditions d'utilisation.*

MOUNTING & REMOVING THE LIGHT TO FROM BRACKET MONTAGE ET DÉPOSE DE LA LAMPE

Rubber pad/ Languettes caoutchouc	
ø18~31mm	
ø31~32mm	

When using this light always make sure to slide the light onto the bracket completely (until it "clicks" into place).
Lorsque vous utilisez cet éclairage assurez vous de bien introduire l'éclairage dans son support (jusqu'à entendre un " clic ")

Before using the product, please thoroughly read this manual and keep it for future reference. Run times are based on use with 1.5 volt alkaline batteries. Use of rechargeable batteries may result in a decrease of run time and brightness.

L'autonomie est donnée avec des piles alcalines de 1,5 volt. L'utilisation de piles rechargeables peut diminuer l'autonomie et la luminosité de la lampe. Avant d'utiliser le produit, veuillez lire attentivement ce manuel que vous conserverez pour une consultation ultérieure.

For UK Consumers

When used for cycling, this light should be used in conjunction with a British Standard 6102/3 cycle light.
