

CATEYE STEALTH^{evo}

CC-GL11

Quick Start

Click the button and follow the instructions.

Thank you for purchasing our cyclocomputer CATEYE STEALTH evo.

This Quick Start Manual explains how to set up the STEALTH evo and how to install the unit on your bicycle.

Please set up the unit according to the specified procedure, then it will be ready for use as a cyclocomputer.

Before use, read the instruction manual that comes with the product thoroughly to the end to understand the functions of this unit, and to use it safely in a correct manner.

This PDF contains a movie file.

When you click on the movie screen, a message regarding security appears. Click the “**Trust in the text**” or “**Play**” button to close the message.

Click the screen again to play the movie.

Perform measurement

Start measurement

Important:
Measurements cannot be made in locations where a GPS signal cannot be received.

- 1 Turn on the power by pressing and holding the  button. The GPS search screen is displayed. When a GPS signal is received or when the **MODE** button is pressed, the STEALTH evo switches to the measurement screen.
- 2 Check that  is displayed on the measurement screen, and press the  button. **STOP** changes to **GO**, and measurement starts. During measurement, measurement starts and stops automatically in sync with the movement of the bicycle.
- 3 If the  button is pressed during measurement, **STOP** is displayed on the screen and measurement is paused.
* To resume measurement press the button again.

What is CATEYE Sync™

CATEYE Sync™ is PC software that acts as an interfaces between the STEALTH evo, your PC, and the website. It can be used to:

- download ride data recorded with the STEALTH evo to PC and upload it to a website, and
- configure the STEALTH evo from a PC.

What is CATEYE Atlas™

CATEYE Atlas™ is a website where you can view trips recorded with a STEALTH evo or INOU.

- The trip (measurement data) loaded using CATEYE Sync™ can be viewed on a map and a graph.
- By storing trips, you can use CATEYE Atlas™ as a database of your cycling life.
- You can share your trips with your friends or the public.

* The screen and the functions for CATEYE Sync™ and CATEYE Atlas™ are subject to change.
