What is CATEYE Sync™

CATEYE Sync™ is a software application for PC, which mediates between this unit, your PC and the website.

- The trip data recorded with this unit can be loaded into your PC, and be uploaded to the website.

- The settings of this unit can be changed using your PC.

What is CATEYE Atlas™

CATEYE Atlas™ is a website where you can view the trips measured using this unit or INOU.

- The trip (measurement data) loaded using CATEYE Sync™ can be viewed on a map and a graph.

- By storing trips, you can use CATEYE Atlas™ as a database of your cycling life.

- You can disclose your trips to your friends or the public.
